**Attachments:** DFT Briefing Final Agenda 28.April.2014.docx; DFT\_ARABrief\_AerialPhoto.pdf; DFT\_ARABrief\_Map.pdf

FYI

Today the Superfund Site Assessment program will brief the EPR ARA on its preliminary assessment of the potential Hazard Ranking Score for the unreclaimed pit lakes and waste rock piles in the vicinity of the Dewey-Burdock ISR project. I will bring any pertinent information from the briefing to the UIC permitting team later this afternoon at our meeting. These legacy conventional open pit and underground mines are known as the Darrow, Freezeout, and Triangle pits.

Sincerely,

James Hanley  
Mining Engineer
